

# ASSESSMENT OF PREVALENCE OF OVINE JOHNE'S DISEASE

Please note that all information will be treated as strictly confidential

## Section 1: General

1	In which county do you farm?	
2	How much land do you currently allocate for sheep grazing?	..... acres
3	Number of breeding ewes in the flock	.....
4	Herd type	Commercial <input type="checkbox"/> Pedigree <input type="checkbox"/> Mixed <input type="checkbox"/>
5	What is/are the main breed(s) of ewe within the breeding flock?	..... ..... .....
6	Are there any cattle on the farm?	.....
6a	If yes, what is size of the herd?	.....
6b	If yes, are the cattle and sheep ever co-grazed?	Never <input type="checkbox"/> Rarely <input type="checkbox"/> Occasionally <input type="checkbox"/> Often <input type="checkbox"/>
7	Are there rabbits on your farm?	.....
7a	If yes, how would you rate the rabbit population?	Large <input type="checkbox"/> Moderate <input type="checkbox"/> Small <input type="checkbox"/> Insignificant <input type="checkbox"/>

## Section 2: Lambing

1	Which months would you consider to be your main lambing time?	January February March April May	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
2	Where do you lamb?	Indoors Outdoors Mixed	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
3	Once the ewes have lambed, what action do you take?	Moved into individual pens Moved into group pens Left where they are Kept at pasture	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
4	If individual or group pens are used, what actions do you take between batches? (Tick all that apply)	Nothing Re-bed with fresh straw Complete muck-out Disinfect with powder	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>

## Section 3: Sheep Disease

1	How would you rate the Johne's Disease prevalence amongst your flock?	Never affected Suspected Confirmed Never heard of it	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
1a	If Johne's Disease has been suspected or confirmed, on what basis was it diagnosed?	Farmer's diagnosis Vet's diagnosis on clinical signs Vet's diagnosis with lab tests Vet's diagnosis unsure on tests	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
2	Have you ever had a problem with any of the following diseases?	Liver Fluke Gut Worms Lung Worms	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
3	What signs would make you suspect Johne's Disease in your sheep flock?	Lameness Weight loss Coughing Diarrhoea Wool-Slip	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
4	How would you rate the importance of Johne's Disease in your flock (1= not important, 10= extremely important)	.....	
5	If you suspected a case of Johne's Disease what would you do?	Nothing Isolate affected animals Send for slaughter Ring vet for advice Ring vet to take samples	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
